

Application for commercial operations from a vessel to view and swim with marine mammals

Department of
Conservation
Te Papa Atawhai

New Zealand Government

Is this the right application form for me?

This application form is for new and renewal applications for commercial operations from a vessel; including both powered vessels and manually propelled vessels (e.g. kayaks or paddle boards) to:

View marine mammals, including:

- All species of whales (including orca and pilot whales)
- All species of seal
- All species of dolphin (excluding orca and pilot whales).

Swim with:

- Adult dolphins (excluding orca and pilot whales)
- Seals.

Note: It is illegal to swim with whales (including orca and pilot whales).

Update staff member and vessel

If you have a permit for a commercial operation to interact with marine mammals complete [Application Form 8f Commercial Operations involving Marine Mammals Update staff member, vessel, vehicle, or aircraft¹](#) to apply for:

- Any new staff member – pilot, master, skipper, guide or other staff member – who will have contact with marine mammals as part of your commercial operation; or
- Any new vessel which will be used to undertake your permit.

How do I complete this application form?

- If you are applying for a **new permit** e-mail permissionschristchurch@doc.govt.nz for a pre-application meeting before lodging your application. There is location, species and treaty partner consultation information that the Department of Conservation (DOC) needs to make you aware of.
- Complete all sections of this form.
- DOC encourages electronic applications (e.g. email a typed Word document), rather than handwritten applications. Electronic applications are easier to read and less likely to be returned to you for clarification.
- If you require extra space, attach or include extra documents and label them according to the relevant section. Record all attachments in Section 'Q Attachments'.

Personal and sensitive information (e.g. criminal convictions or criminal charges pending before the court relating to the mistreatment of animals) will be managed by DOC confidentially. For further information check [DOC's privacy and security statements²](#).

¹ <https://www.doc.govt.nz/globalassets/documents/about-doc/concessions-and-permits/marine-mammal-permits/update-staff-member-8f.doc>

² <https://www.doc.govt.nz/footer-nks/privacy-and-security/>

Have you considered DOC's Conservation General Policy and statutory planning documents?

Your permit must not be inconsistent with DOC's [Conservation General Policy](#)³ and [relevant statutory planning documents](#)⁴, as they set out how DOC and our Treaty partners manage public conservation land. Statutory planning documents can have a direct impact on your application, with conservation management strategies identifying where human interactions with marine mammals should be managed to avoid or minimise adverse effects on populations and individuals.

Have you undertaken Treaty Partner consultation?

DOC has a responsibility to give effect to the principles of the Treaty of Waitangi and may consult with our Treaty Partners about your permit application.

Contact permissions@doc.govt.nz for further information about consultation.

Have you undertaken Customary Marine Title consultation?

If you are applying for a new permit to view marine mammals, under the Marine and Coastal Area (Takutai Moana) Act 2011, you must:

- Notify the Customary Marine Title Applicants about your application.
- Seek the views of the Customary Marine Title Applicants.

If you need some help, where do you get more information?

- Check the DOC [interacting with marine mammals](#)⁵. This page includes information on the types of permits available, fees, reporting, and processing timeframes.
- Read [sharing our coasts with marine mammals](#)⁶.
- Become a DOC [Sustainable Marine Mammal Actions in Recreation and Tourism \(SMART\) operator](#)⁷.
- Arrange a pre-application meeting (either face to face or over the phone) by contacting the Christchurch Permissions team permissionschristchurch@doc.govt.nz.

How do I submit my application?

Email your completed application, and any attachments (recorded in section 'Q Attachments') to: permissions@doc.govt.nz

What happens next?

Your application will be assessed by DOC. If it is complete, DOC will begin processing the application.

If it is incomplete or requires amendment it will be returned to you for you to amend and incorporate the matters that DOC has specified in writing.

⁴ <https://www.doc.govt.nz/about-us/our-policies-and-plans/statutory-plans/>

⁵ <https://www.doc.govt.nz/get-involved/applying-for-permits/interacting-with-marine-mammals/>

⁶ <https://www.doc.govt.nz/sharing-coasts/>

⁷ <https://www.doc.govt.nz/our-work/smart-operator-programme/>

Why does DOC ask for this information?

The questions in this application form are designed to cover the requirements set out in DOC's conservation legislation. Your answers allow us to assess:

- The details of your proposed operation against the requirements in sections 6 and 7 of the Marine Mammals Protection Regulations 1992.
- The effects of your proposed operation (including proposed encounter times with marine mammals) and your proposed methods to avoid, remedy or mitigate any adverse effects.
- Your qualifications and resources (e.g. vessel, skills and experience) to adequately conduct the proposed operation in marine areas.
- The educational material you will be using in your proposed operation.

Your application will also assist us in undertaking consultation with our Treaty Partners.

Once your application is approved it will form part of the permit that is issued to you.

Your creditworthiness is a factor in determining whether DOC should extend credit to you and set up a DOC customer accounts receivable credit account. To make this assessment DOC will supply your information to a credit checking agency.

Note: Information collected by DOC will be supplied to a debt collection agency in the event of non-payment of fees.

What fees will I pay?

You may be required to pay a processing fee for this application regardless of whether a permit is granted or not. You may request an estimate of the processing fees after your application has been submitted. If you request an estimate, DOC may require you to pay the reasonable costs of the estimate prior to it being prepared. DOC will not process your application until the estimate has been provided to you. In addition, if you are granted a permit you may be required to pay annual research or management fees. These fees are listed on the [interacting with marine mammals](#)⁸ page of the DOC website.

If you are applying for a new permit, see information in the 'Will my application be publicly notified?' section below.

DOC will invoice your processing fee after your application has been considered. If your application is large or complex, DOC may undertake billing at intervals periodically during processing until a decision has been made on your application. If you withdraw your application DOC will invoice you for the costs incurred up to that point.

⁸ <https://www.doc.govt.nz/get-involved/apply-for-permits/interacting-with-marine-mammals/>

Will my application be publicly advertised?

Your application will be **publicly advertised**⁹ on the DOC website and appropriate newspapers if:

- the application is for a new permit
- the application is for a renewal of a permit (and the renewal is not substantially the same as the existing permit) or an amendment to an existing permit.

Publicly advertising may increase the time and cost of processing of your application.

If you believe public advertising may be required for your application email:

permissionschristchurch@doc.govt.nz to arrange a pre-application meeting.

What does an approved DOC permit include / require?

A permit approved by DOC (in accordance with section 10(2) Marine Mammals Protection Regulations 1992):

- Includes your 'Application for commercial operations from a vessel to view and swim with marine mammals'.
- Requires you to comply with all the information supplied in your 'Application for commercial operations from a vessel to view and swim with marine mammals'.

Note: It is a condition of this permit that DOC retains the right to suspend or revoke this permit, or restrict the operation authorised by the permit, where the information on which the permit was granted contained material inaccuracies.

⁹ Marine Mammals Protection Regulation 1992 section 11.

B. New or renewal (with a major amendment) of an existing permit

I am applying for a new permit. You need to have a pre-application meeting with DOC before you submit this application as there are location restrictions and consultation requirements that you need to be aware of. E-mail permissionschristchurch@doc.govt.nz .	<input checked="" type="checkbox"/>
I am applying to renew an existing permit with a major amendment.	<input type="checkbox"/>
Permit number	

C. Pre-application meeting

Have you had a pre-application meeting with a DOC Permissions Advisor?

No If your application is for a new permit your application will not be processed without a pre-application meeting as there are location restrictions and consultation requirements that you need to be aware of. E-mail permissionschristchurch@doc.govt.nz	<input type="checkbox"/>
Yes	<input checked="" type="checkbox"/>
If yes, state when and who with.	
Bethan Parry 15.30 Friday 26 th March 2021	

D. Consistency with DOC's Conservation General Policy and statutory plans

Note: DOC's [Conservation General Policy](#)¹⁰ and statutory planning documents can have a direct impact on your application. For example the statutory planning documents may set the specific locations or number of landings allowed.

List the [DOC's statutory planning documents](#)¹¹ relevant to your application:

Statutory planning documents refers to:

- conservation management strategies
- national park management plans, and
- conservation management plans.

Statutory planning documents guide DOC and our Treaty partners' management of:

- public conservation lands and waters
- plants
- birds
- wild animals
- pests
- marine mammals
- historic and cultural sites.

Are you aware of any potential inconsistency your activity may have with DOC's Conservation General Policy or statutory planning documents?

No	<input checked="" type="checkbox"/>
Yes	<input type="checkbox"/>

If yes, explain why it is inconsistent with the statutory planning documents.

¹⁰ <https://www.doc.govt.nz/about-us/our-policies-and-plans/conservation-general-policy/>

¹¹ <https://www.doc.govt.nz/about-us/our-policies-and-plans/statutory-plans/>

E. Consultation undertaken under the Marine and Coastal Area (Takutai Moana) Act 2011

Have you notified and sought the views of the relevant Customary Marine Title Applicants¹² prior to submitting this application?

No. Your application will not be processed. You need to speak to DOC before you can submit this application form. ¹³ E-mail permissionschristchurch@doc.govt.nz	<input type="checkbox"/>
Yes	x

If yes, supply details for each Customary Marine Title Applicant you have consulted with. Copy and paste the table below and complete for each Customary Marine Title Applicant. Record all attachments in section 'Q Attachments'.

Attachments may include:

- Additional pages with the required information
- Any written response to your notification from the Customary Marine Title Applicant.

Customary Marine Title Applicant notified	Ngāi Tahu Whanui Ngai Tuahuriri hapu Rapaki
Name of individual you notified and sought views on your application	Ngāi Tahu Whanui Ngai Tuahuriri hapu Rapaki Email sent to the emails on the page for Customary Marine Titles.
Date /s of notification and views sought	31/8/21
Form of notification and means of views given (e.g. email, meeting)	Email
Outcome of consultation	Pending reply

¹² A "Customary Marine Title Applicant" is a person or group who has applied for recognition of customary marine title either under section 95 or sections 100 and 103 of the Marine and Coastal Area (Takutai Moana) Act 2011 in an area to which your application relates and where no customary marine title order or agreement applies.

¹³ It is a statutory requirement under section 62(3) to notify and seek the views of a Customary Marine Title Applicant on your application before it is lodged with the Department.

Note: As soon as reasonably practicable after you lodge your application with DOC, you are required to notify affected iwi, hapu or whanau. We recommend you speak to DOC about this requirement prior to lodging your application.

F. Consultation undertaken with Treaty Partners

DOC has a statutory obligation to give effect to the principles of the Treaty of Waitangi. This often requires consultation with our Treaty Partner (iwi/hapū/whānau of local Maori) on your application. If you have already consulted with our Treaty Partners, DOC would like to know about it.

Have you carried out any consultation with Treaty Partners?

No	
Yes	x

If yes, supply details for each Treaty Partner you have consulted with. Copy and paste the table below and complete for each Treaty Partner. Record all attachments in section 'Q Attachments' including:

- Additional pages with any required information.
- The written response to your consultation with Treaty Partners.

Whānau/hapū/iwi consulted with	<i>Rapaki</i>
Name of individual you consulted with	Joint email
Date of consultation	31/8/21
Form of consultation (e.g. email, meeting)	Email
Outcome of consultation*	Pending Reply

Provide details of any cultural interpretation or activities that you are providing to support the cultural values of the Treaty Partners, Customary Marine Title Applicants or other interested stakeholders.

G. Consultation with interested stakeholders

Have you carried out any consultation with interested stakeholders?

No	<input checked="" type="checkbox"/>
Yes	<input type="checkbox"/>

If yes, supply details for each Interested Stakeholder you have consulted with. Copy and paste the table below and complete for each Interested Stakeholder. Record all attachments in section 'Q Attachments' including:

- Additional pages with any required information
- The written response to your consultation with Interested Stakeholders.

Other interested stakeholders consulted with e.g. Conservation Boards or community groups	
Name of individual you consulted with	
Date of consultation	
Form of consultation (e.g. email, meeting)	
Outcome of consultation*	

H. Educational material

Provide details of the education material (including the source of the material) and education aspects of your proposed operation.

Leaflet to be printed on information around marine mammals printing will be done once permit is approved.
Info has come from DOC pamphlets –
Marine Mammals Count, Share the Coast and Sharing our coasts with marine mammals.
Both leaflets of material sourced are DOC issued ones. Also would be happy to promote DOC and have DOC's own leaflets in my office/kiosk to hand out to customers.

I. Conservation, management, and the protection of marine mammals

State how your proposed operation is in the interests (advantage and benefit) of the conservation, management or protection of marine mammals?

Jet Junkies will make a donation to DOC based on number of trips and or donation to a charity linked with marine mammals. Our primary goal will be to educate our customers about marine mammals through a pamphlet and talk on the tour so they leave us better informed and educated and having a better understanding on how marine mammals live and behave and act with their home the ocean we are visitors too, as our current safety brief closes with:
"Please respect the wildlife it is their home not ours".

J. Details of the proposed operation

1 Proposed base and area of operation

Attach a map of the proposed area of operation. It must clearly show:

- Proposed base (vessel departure location) of operation
- Proposed area of operation showing the boundaries and where appropriate, the specific locations where contact with marine mammals are proposed.
- Proposed locations where swimming with marine mammals will take place (if applicable)

Record your map details in section 'Q Attachments'.

Map questions	Written description
Proposed base of operation	Naval Point Club, On map (black Circle green infill)

Proposed area of operation	Lyttelton and around heads, (highlighted Red)
Proposed locations for viewing contact with marine mammals	Within the highlighted red area.
Proposed locations for swimming contact with marine mammals	N/A

M. Background of proposed operator

State the applicant's experience operating with marine mammals (e.g. the number of years the company / business has been operating around marine mammals).

2 years operating and have been Jet Skiing in area for nearly 10 years now.

State the applicant's knowledge of operating within the local area, and of the sea and weather conditions (e.g. number of years' experience operating within the area).

As above

Has the applicant been convicted of any offence involving the mistreatment of animals?

No

Yes

If "yes", provide details

Does the applicant have any current criminal charges pending before the court involving the mistreatment of animals?

No

Yes

If "yes", provide details

Does the Applicant agree to DOC undertaking a check of their criminal convictions or pending current criminal charges involving the mistreatment of animals?

Note: DOC may require the proposed operator to fill out and sign a form that allows DOC to receive their criminal conviction history to enable the Director-General of DOC to be satisfied that the proposed operator does not have convictions for offences involving the mistreatment of animals.

No

Yes

N. Background experience of individual staff members

Complete the table below for every staff member who may come into contact with marine mammals during the operation. If there are two or more staff members, copy and paste the table and complete for each staff member. Alternatively attach additional pages with the required information and record all attachments in section 'Q Attachments'.

Staff member No. 1	
Full name	Kevin Scovell
Job title: Skipper	<input type="checkbox"/>
Job title: Guide	
Job title: Other (state)	CEO - Owner/Operator of Business
Has this person been convicted of any offence involving the mistreatment of animals?	
No	x
Yes	<input type="checkbox"/>
If "yes", provide details	
Does this person have any current criminal charges pending before the court involving the mistreatment of animals?	
No	x
Yes	<input type="checkbox"/>
If "yes", provide details:	
Does the staff member agree to DOC undertaking a check of their criminal convictions or pending current criminal charges involving the mistreatment of animals?	
Note: DOC may require the staff member to fill out and sign a form that allows DOC to receive their criminal conviction history to enable the Director-General of DOC to be satisfied that they do not have convictions for offences involving the mistreatment of animals	
No	<input type="checkbox"/>
Yes	x
State the staff members knowledge of operating within the local area, and of the sea and weather conditions (e.g. number of years' experience operating within the area)	2 years operating and has been Jet Skiing and boating in area for nearly 10 years. Has been around Jet Skiing and Boating for almost 35 years.

Relevant Experience of staff member with marine mammals? Follows all rules on accidental findings. Stays within guidelines and respects the marine mammals.

Experience operating around marine mammals in years

10

Types of marine mammals the staff member has operated around?

Seals / sea lions

X

Dolphins

X

Whales

X

Specific species

List type of specific species

Has the staff member has completed a [DOC SMART](#)¹⁴ course?

No

Yes

X Completed in Kaikoura

Staff member No. 2

Full name

Izzy Scovell

Job title: Skipper

Job title: Guide

X Business Manager and Apprentice

Job title: Other (state)

O. Marine Mammals Protection Regulations 1992

Tick the following boxes to confirm you will operate in accordance with each of the following behaviours as required under Part 3 of the Marine Mammals Protection Regulations 1992.	Tick
Marine mammals will not be disturbed or harassed	Yes
Best endeavours will be used to operate the vessel in a way that the normal movement or behaviour of any marine mammal is not disrupted	Yes
Contact with any marine mammal shall be abandoned at any stage if it becomes or shows signs of becoming disturbed or alarmed	Yes
Marine mammals are not to be separated from a group of marine mammals, or caused to scatter	Yes
Rubbish or food is not to be thrown near or around any marine mammal	Yes
No person shall make any loud or disturbing noises around any whale, dolphins or seals	Yes
No sudden or repeated changes in the speed or direction of the vessel shall be made except in the case of an emergency	Yes
Where the vessel stops to enable the passengers to watch any marine mammal, the engines are to be either placed in neutral (<i>preferred</i>) or be switched off within a minute of the vessel stopping	Yes
A person or vessel shall not cut off the path of a marine mammal or prevent a marine mammal from leaving the vicinity of the vessel	Yes
The skipper of a vessel less than 300 metres from any marine mammal shall use his or her best endeavours to move the vessel at a constant slow speed no faster than the slowest marine mammal in the vicinity, or at idle or “no wake” speed	Yes
When departing from the vicinity of any marine mammal, the vessel shall proceed slowly at idle or “no wake” speed until the vessel is at least 300 metres from the nearest marine mammal	Yes
The vessel is not to approach within 300 metres of any whale, pod of dolphins or herd of seals for the purpose of enabling passengers to view, if the number of vessels or aircraft, already positioned to enable passengers to watch is three or more	Yes
Where two or more vessels or aircraft approach an unaccompanied whale, dolphin or seal, the skipper concerned shall co-ordinate their approach and manoeuvres	Yes
Whale specific behaviours Tick that you understand and will operate in accordance with each of the following species-specific behaviours as required under Part 3 of the Marine Mammals Protection Regulations 1992.	Tick
The vessel is not to approach within 50 metres of a whale	Yes
If a whale approaches the vessel, the skipper of the vessel shall, wherever practicable: (i) manoeuvre the vessel so as to keep out of the path of the whale; and (ii) maintain a minimum distance of 50 metres from the whale	Yes

The vessel is not to approach within 200 metres of any female baleen or sperm whale that is accompanied by a calf or calves	Yes
The vessel shall approach a whale from a direction that is parallel and slightly to the rear	Yes
Dolphin specific behaviours Tick that you understand and will operate in accordance with each of the following species-specific behaviours as required under Part 3 of the Marine Mammals Protection Regulations 1992.	Tick
The vessel may exceed idle or “no wake” speed in order to outdistance the dolphins but must increase speed gradually, and shall not exceed 10 knots within 300 metres of any dolphin	Yes
The vessel is not to proceed through a pod of dolphins	Yes
The vessel shall approach a dolphin or pod of dolphins from a direction that is parallel and slightly to the rear	Yes
Swimming specific behaviours Tick that you understand and will operate in accordance with each of the following species-specific behaviours as required under Part 3 of the Marine Mammals Protection Regulations 1992.	Tick
Swimmers will not be in the water with juvenile dolphins or a pod that includes juvenile dolphins	N/A
An airhorn may be used to call swimmers back to the boat or to the shore	N/A

P. Operational best practice based on recommended DOC guidelines

Tick that you understand and will comply with the following conditions relating to seals and sea lions specific behaviours	Tick
Not applicable as not applying to view seals and sea lions	
When seals and sea lions are hauled out on shore or rocks, the vessel will remain 20m or more from water’s edge	Yes
When seals and sea lions are hauled out on shore or rocks, swimmers will remain 5m or more from water’s edge.	N/A
Tick that you understand and will comply with the following conditions relating to location specific best practice. <i>You will have been given information on best practice recommendations when you contacted permissionschristchurch@doc.govt.nz prior to making your application. If any location specific best practices apply to your area of operation, attach the relevant schedule.</i>	Tick
Not applicable as there is no location specific best practice	<input type="checkbox"/>
Location specific best practices for my area of operation are attached and recorded in section ‘Q Attachments’	<input type="checkbox"/>
All proposed operations will be undertaken in accordance with the best practice guidelines for the area of operation	<input type="checkbox"/>
Tick that you understand and will comply with the following conditions	Tick

relating to Manually propelled vessels e.g. kayaks and paddle boards practices.	
Not applicable as not operating a manually propelled vessel	Yes
Up to seven kayaks (or other manually propelled watercraft) are to be grouped closely together* for the purpose of viewing marine mammals <i>*Manually propelled watercraft are to be within two paddle lengths of each other to form 'one distinct vessel'. No vessel (including a group of seven manually propelled vessels) shall approach closer than 300m to a marine mammal if there are already three vessels (including a group of seven manually propelled vessels) or aircraft, or both, present.</i>	N/A
Kayaks (or other manually propelled watercraft) are not to be banged, or paddles slapped against the water in the presence or marine mammals.	N/A
No person shall touch a marine mammal	N/A
No person is to chase a marine mammal, instead let the mammal approach the manually propelled watercraft	N/A
Where practical the operator's guide is to remain between the clients and any seals or sea lions on shore	N/A

Any other actions you will take to minimise disturbance of the marine mammals:

When we first set up our business we had no intention of providing or seeking marine mammals for viewing. Then over the course of running our business and through new learning around marine mammals we have decided we want to become ambassadors to proactively promote the safe use of jet skis plus other vessels around marine mammals for their long term protection within their environment.

Jet Junkies prides itself on the correct use of jet skis and follows all rules and guidelines when out on the water, as per our Maritime New Zealand approved safety case and safe operating procedures. We already promote the safe use of Jet Skis and have been in frequent discussions with public jet ski users and boat users. We have also contacted and had a number of discussions with the local harbour master and the team around the use of the water and how we can help promote the better and safer use of the water. If we are granted a permit we will actively promote, educate and protect the marine mammals and their environment by demonstrating and educating members of the public about marine mammals. Furthermore, we will be able to report any misuse from the general public and or educate them via talking to people depending on the severity of the infringement witnessed. We will also be able to report any injured or sick mammals we encounter along with reporting of sightings of not usual mammal visits to the harbour and area.

Being out on the water regularly means we get to know and recognise the users and general public, which is also an advantage in our eyes. With this in mind, if we were granted a permit we would include and promote educational content on our Facebook, Instagram and Website around the safe use of vessels and current legislation around marine mammals.

Our marine mammal viewing trips will be totally different to our normal guided tours. The marine mammal tour as per our normal tours are 100% guided, with the proposed marine mammal tour the guide we will always be at the front of the group, whether he or she is on the Sealver jet ski boat or a jet ski. The other two jet skis will remain behind or alongside the guide at all times, this allows the guide to set the pace - slow and steady with no wake. Jet skis also have no open propellers so a lot safer when viewing and if a mammal was to come close.

To add, yes jet skis have the potential for high speed but if someone has paid for a marine mammal tour they will be fully informed that this is purely for viewing pleasure and educational purpose and under no circumstances anything other. If they want both normal tour and marine mammal combined they will be

told its one or the other or book twice to experience both.

Our Guides are already SMART trained via DoC's course and will follow all rules, regulations, and legislation while on a tour. Especially around when to view and not to view by making good judgement around marine mammals behaviour.

All our skis will also have a sticker displayed clearly reminding them on what the safety brief included and rules around safe approach and safe departure to and from the viewing (SAD – Slow Down – Assess – Depart).

You may ask what if they decided to overtake the guide or try to do their own thing or something that isn't permitted by Jet Junkies? In line with our proposed company policy and also the safety briefing prior to departure customers jet skis will be remotely turned off / shut down via a remote kill switch which the guide will have with them, a tow rope attached and they will be taken back to shore with no refund. Currently we run a similar rule on how close our skis can come together as a safety precaution. We have never had to enforce the kill switch rule as every customer to date respects our rules and follows the guides rules and instructions prior to departure and while out on the water. We value and pride our business on our safety record and protection of our expensive equipment.

We ask when considering our application that you forget about the general public and the minority of Jet ski users that give jet skis a bad name as there are many bad users of the water including boats, jet skis and other water going vessels powered and unpowered.

Q. Attachments

Attachments should *only* be used if there is:

- A specific question that requires an attachment e.g. map of the proposed base and area of operations
- Not enough space on the form to finish your answer
- Additional information that supports your answer
- An additional request you wish to make of DOC regarding the application.

Label each document clearly and complete the table below.

Section of the application form the attachment relates to	Document title	Document format (e.g. Word, PDF, Excel, jpg etc.)	Description of attachment
<u>Correct example</u> ✓ E	Proposed base and area of operation	.shp	Map of proposed base and area with locations of where contact with marine mammals is proposed.
<u>Correct example</u> ✓ K	Educational Material	Word	Educational material provided to clients undertaking marine mammal journey.
<u>Incorrect example</u> X Table	Doc1	Word	Table

R. Checklist

Application checklist	Tick which apply
I have completed all sections of this form relevant to my application and understand that the form will be returned to me if it is incomplete.	X
I certify that the information provided in this application form and any attached additional forms and information is, to the best of my knowledge, true and correct.	X
I have supplied a map with the departure location, boundaries of operation, expected tour routes of operation specific locations where viewing of marine mammals are likely, and if applicable specific location where swimming with marine mammals are likely as required in and section 'Q Attachments'.	
I have appropriately recorded all attachments in section 'Q Attachments'.	<input type="checkbox"/>
I understand that in accordance with Regulation 10(2) of the Marine Mammals Protection Regulations 1992, this application shall form part of any permit issued and shall be complied with accordingly.	X

S. Terms and conditions for a credit account with the Department of Conservation

Have you held an account with the Department of Conservation before?	Tick
No	Yes
Yes	N/A
If "yes", under what name:	N/A

In ticking this checklist and placing your name below you are acknowledging that you have read and agreed to these terms and conditions for an account with the Department of Conservation

Terms and Conditions	Tick
I/We agree that the Department of Conservation can provide my/our details to the Department's credit checking agency to enable it to conduct a full credit check.	Yes
I/We agree that any change which affects the trading address, legal entity, structure of management or control of the applicant's company (as detailed in this application) will be notified in writing to the Department of Conservation within 7 days of that change becoming effective.	Yes
I/We agree to notify the Department of Conservation of any disputed charges within 14 days of the date of the invoice.	Yes
I/We agree to fully pay the Department of Conservation for any invoice received on or before the due date.	Yes
I/We agree to pay all costs incurred (including interest, legal costs and debt recovery fees) to recover any money owing on this account.	Yes
I/We agree that the credit account provided by the Department of Conservation may be withdrawn by the Department of Conservation, if any terms and conditions (as above) of the credit account are not met.	Yes
I/We agree that the Department of Conservation can provide my details to the Department's debt collection agency in the event of non-payment of payable fees.	Yes
