

## 6. Acknowledgements

The project was funded by the Department of Conservation under Contract DOCDM-313793. W.R. Holland (DOC Northland Conservancy) provided substantial assistance at every stage of the project and her very significant contribution is gratefully acknowledged. Dr C.M. Beard, Dr E. Grove, and F. McIntosh assisted ably with fieldwork. Landowners throughout the district, including Te Uri o Hau, Pouto, generously allowed access to their land (C. Taurua) and provided keys (S. Richards) to forestry gates. L. Forrest (Pouto) freely shared his knowledge of the Kaipara with us. C. Herald (Te Kopuru), G. Bartlett (Pouto), and H. Bartlett (Dargaville) gave invaluable assistance with accommodation. P. Anderson (DOC Northland Conservancy) supplied relevant background material. Aerial orthophotography was provided courtesy of Northland Regional Council and Kaipara District Council. E.K. Cameron of Auckland Institute and Museum (AK), J. Cruickshank of the Allan Herbarium, Landcare Research (CHR), Dr L. Perrie of National Museum Herbarium (WELT) supplied records of plant specimens from the study area. Dr F. Brook described the landforms and geology of the sites in this report. A. Macdonald kindly provided information on native fish species, A. Booth on terrestrial invertebrates, and Dr J. Beever on mosses. D.W.F. Hunter produced the figures. Dr W.G. Lee provided helpful comment on an earlier draft. A. Booth, A. Macdonald, R. Parrish, and A. Townsend (DOC Northland Conservancy), and Dr R.J. Pierce, (EcoOceania Ltd) provided comment on the final report. T. Conaghan, K. Seymour, and L. Wells (DOC Northland Conservancy) prepared the maps in ARCGIS for publication.
